

CSI661 – Data Mining: Assignment #4

Due: Friday 05/14/04
Worth: 20% of Final Grade
Late Policy: Zero points after this date.

Read the instructions carefully.

Present the work discussed in items 2 through 4 to the class in the week beginning Wednesday 04/09/03. The presentation will be no more than 20 minutes, 5 minutes for questions.

1. Implement one of your proposed changes (from assignment #2 and #3) and perform the previously described experiments (step 4 of part b).
2. Report your findings.
3. Discuss your findings in particular why the approach worked (or did not).
4. Conclude whether the improvement is significant.
